- Landscape Architecture: Corban and Goode Landscape Architecture and Urbanism
- Public Art Consultant: Fela Grunwald Fine Arts
- Artist: Roland Brener
- Client: Context Development Incorporated

This is urban alchemy, gracing one of the city's grittiest streets with visions of ballerinas and potentially transforming a languishing neighbourhood. The use of glass, both as a contrasting treatment to the historic brick building and as a tablet for public art – in the form of a musical script – is inspiring.
