Afford \$125,000 more on your mortgage.

The average small car costs over \$9,000 a year to own and operate. That's more than payments on a \$125,000 mortgage. Now you can lose the car costs and frustrations and still have wheels when you need them.

Exclusive savings for MOZO

- > Save 50% on membership
- > Insurance approval fee waived
- > Pay regular AutoShare prices (about \$5/hr including gas and insurance) for on-site premium cars like the Toyota Matrix.

AutoShare is perfect for people who don't need a car every day and want to save money, avoid car stress and reduce smog.

Why own when you can rent by the hour?

As an AutoShare member, you get 24 hour instant access to a fleet of clean, modern cars without the hassles, costs and headaches of ownership.

1) Join

All you need is a full class "G" license (or equivalent) for three years running and a clean driving record.

2) Reserve

As a member, you get 24 hour, instant security access to a fleet of shared cars stationed across Toronto. To reserve, just go online or call us any time, day or night.

3) Drive

The car that you reserved will be waiting at its self-serve location. Your security access will get you into the car and on your way in seconds. When you're done, just bring the car back to the same spot. Drive as often or as little as you like.

4) Pay Monthly

At the end of each month, you will receive an itemized bill for the time and distance you've driven. You'll even get automatic discounts on longer trips and you'll never be charged for gas, insurance or maintenance.

Five years on the road, 40+ locations & 1,100 members.

40 percent of new members sell their cars when they join AutoShare – or join instead of buying a new car.

AutoShare is always adding great new cars to the fleet to ensure a car is available when you need one.
